Subject: RCRA Environmental Indicator CA750 Report
Determination of Current of Releases To Groundwater Controlled
GM Linden Facility
Linden, New Jersey
US EPA ID #NJD002186690
NJDEP CASE NO. 95-01-25-1618-35

Dear Mr. Ng:

Enclosed please find two copies of the final version of the subject report. The Environmental Indicator CA750 Report is based on information presented in the RCRA Facility Investigation/Remedial Investigation (RFI/RI) Report and identified during Stage III field investigation activities. As you are aware, we are continuing to pursue additional data to support our Corrective Action activities (eg. access to Aviation Plaza monitoring wells, offsite drilling, additional groundwater sampling, etc.). We will provide a comprehensive update of the RFI/RI Report in the near future, summarizing the Stage III investigation results and findings. If you have any questions or require additional information, please feel free to call me at (248) 753-5641

Sincerely,
